EMEA	Poland	230
APAC	Singapore	360
APAC	India	280
APAC	Australia	210
LATAM	Brazil	190

Leadership priorities (FY26-27)

- Modernize group treasury on Kyriba and reduce idle cash by 18-22%.
- Rationalize the management reporting estate (320+ reports → target ~140).
- Lift corporate controls posture ahead of SOX re-attestation.
- Optimize the SI/AMS vendor portfolio and reduce run-rate by 12-15%.
- Stand up a governed AI operating model with Responsible AI controls.

Operating model

Lakeshore runs a federated operating model: a lean corporate center (finance, treasury, IT architecture, procurement, risk) with BU-level P&L; ownership. Shared services deliver transactional finance, IT operations, and HR administration from three hubs (Dallas, Krakow, Bengaluru).
