

# Blue Yonder - Pricing SaaS

## Contract extract fixture

| Field                     | Synthetic evidence                                                     |
|---------------------------|------------------------------------------------------------------------|
| Annual spend              | \$2,700,000                                                            |
| Renewal / decision window | Q1 2027                                                                |
| Risk                      | Prior pricing phase required scope reset.                              |
| Negotiation leverage      | Require corrected value measurement and pricing-engine dependency map. |
| Watermark                 | AbarVa Synthetic - Apex Retail v1                                      |

*Fixture notice: all values are synthetic, internally consistent, and safe for demo use. No real customer data.*
